

## LITTLE HOPE OF AID TO GERMANY FROM THE STATES

This Is Opinion of More Conservative Press of Great Britain

London, Dec. 18.—These newspapers which the British public looks for and respects most consistently and completely reject the idea that a United States loan to Germany is probable, or that the American public has given up their skepticism on long reported statements that the majority of the United States appear to have探ed important sources of information.

The possibility of United States intervention in Europe is still a subject of considerable interest here. Two or three of the morning newspapers relate with some detail the statement made last week's stories concerning an impending war. One of the most interesting, however, is that "there is something in the wind," and that there is a strong probability of intervention in some way that has not been divulged, will be made public in the near future.

The Morning Post, also welcoming the obviously increasing interest of the American public in the affairs of the United States, "beginning to realize more clearly the source of our own interests, we must project what may be affected by the political and economic conditions."

The Daily News, although it does not regard the intervention of the United States as more than a possibility, says, "It is highly probable that such a course of action will be adopted by the whole course of events in Europe."

In view of the present emergency, there seems to be intervention and there are many indications that this desire is shared by the great bulk of the high United States statesmen.

### Big Water Power Scheme in Quebec

New York, Dec. 18.—Canadian government officials and power company men said to be one of the largest ever undertaken on the American continent are to be started in Quebec by a company composed of Canadian and United States capital. The details of the big project were announced by Mr. Duke here today. It involves a total power output of 1,000,000 horsepower, which, amounting to some 450,000, will be ready early in 1925.

## S.A. "POT HUNTERS" AGAIN OPERATING ON CITY STREETS

The fact that Christmas is coming is heralded by certain persons, who are here and there, one of the most unfriendly being the presence of the Salvation Army men, who are operating on the streets, the public places and places strategically at Hudson's Bay, James Ransay and Johnstone Walker stores as well as at the general stores and Jasper Avenue. They are here because the Salvationists, "because no matter how cold it is we stick to the job," so they say, and they are here to become actually acclimated."

At first the Salvationists were here for the poor, or striking, in very slowly, but the frigid men who stamp their feet and who have their hands held are hopeful that the Christmas spirit will catch the shoppers, though it is not clear what the Salvationists want to do with them, and that the long hours of shopping will be a great burden to them. Finally they are not, as a matter of fact, and records show, the Salvationists, but the bairns have come in a sense of duty in this respect.

The children were wild with glee cheering and he kept the children amused until 11 o'clock. The entertainment was given free and was to end up with spirit until 12 o'clock. The committee in charge of the arrangements received many congratulations on the success of the affair. The entertainment will be forgotten by those who were present. ## COAL SITUATION STILL IMPROVING IN LOCAL MINES

Pickets Are Making Trouble, But Working Force Is Still Increasing

The coal situation is reported as showing a continuation of improvement Monday morning. All mines in the city are working at full force and most of them with either full force or with a very few men of the picketing parties. The miners at the north side of the river, especially at Kildonan, were still working at full force. At the Penn mine in the city, and at the Penn mine at the south side of the river, there were about 150 miners on duty and it is reported. At the Penn, the picketing party numbered 30. They occupied street cars and sat on top of the property and then took the route to the mine entrance and the tipple. Stones and broken bricks were thrown and one mine was not serious. The houses of some of the miners at the south side of the river, south of the Penn mine, were picketed on Monday morning and the men were taken from the mine at 12 o'clock. The output is still below normal, but is increasing rapidly and the danger of a soon shortage in Edmonton has been definitely over.

**SPORT****LARGE SCORES IN BOTH GAMES**  
**City Leagues Stage Rough Contest; Southsiders Lose****SPORT****Knights of Pythias Beat Southside**

**DECISION WAS NOT REACHED UNTIL LATE IN THIRD FRAME WHEN SIBBETTS SCORED TWICE**

Many Pugilistic Encounters Took Place in the Early Part of the Game—Teams Were Very Matched and Contest Was Waged Fast and Furious from Start to Finish.—Score 4 to 2.

Fast and furious was the contest staged by the Knights of Pythias and the Southside Hockey teams in the first half hour of the game at the Victoria Auditorium last night. It was not until the second period that the Southside played well and became outstanding athletes. Both goalkeepers performed well.

The cold ice and the speed of the game was a terrific strain on the bodies of the players and the contestants were more fatigued than was absolutely necessary for the progress of the game.

The pugilistic battles occurred during the early part of the struggle, as the game progressed, the Knights of Pythias proved an excellent exponent to the art of pugilism and with primitiveness. When the third period started with the score tied one each, it was evident that the Knights of Pythias had decided to spend all their energies in trying to gain rather than to beat each other.

Some five or six hundred fans attended the game and the enthusiasm was evidenced by the continual cheering.

Evenly Matched. It would be difficult to find two teams more evenly matched than the Knights of Pythias and the Southside were last night. For two periods they battled and the game was evenly balanced. In the third period the Knights remained tied and the game was still before them when Sibbets scored on a pass from Blackford.

Both noted amateur and gave his team a four to two lead. After that there was no further action.

Two young players stood out prominently.

McGraw and Campbell were the best.

The teams were as follows:

Southside: Goal—Knight;

Campbell, defense—Howey;

Mckinlay, defense—Dunn;

Lynn, centre—Ferris;

Eddele, wing—Baker;

McDonough, wing—Singleton;

Trimble, sub—Howey;

McGregor, A. sub—Robbin;

X. McKinlay, sub—Budnick;

C. McGregor, sub—Referer; Harold Simpson, Goal Summary.

**FALCONS BEAT****WINNIPEGGS IN THIRD PERIOD**

Were Outplayed and Outscored in First Two Periods But Came to Life

WINNIPEG, Dec. 18.—Scoring five goals in the final period and holding off the Winnipeggers, the Falcons finally came from behind to win the game, 5 to 2, in the 10th minute of the third period.

The Falcons were beaten in the first two periods by the Winnipeggers.

It was not until the latter part of the third period that the Falcons began to advance.

The ice was in perfect condition.

The Falcons put the Knights in the lead in the first period, 2 to 1, but the Winnipeggers recovered in the second period.

In the third period the Falcons took a second defeat of the season for the former champions.

The Falcons' victory was in two ends of the third period knotted up right away and gave them the win.

The first on a pass from Budnick and the second on a goal from Winkler.

## RUM SLEUTHS

Female Ones Can't Be Seen, But Yelloweye Says Thing or Two!

By NBA Service:  
NEW YORK, Dec. 18.—It was hard to prove that he had to get an interview with one of the new women enforcement agents. Much mystery. Also opposition.

Yelloweye, prohibition director, stubbornly refused. He wouldn't even let us call one of his aides to take the phone to her over the phone.

The girls have a tough enough time fooling the bootleggers without calling in a press agent, said Yelloweye, the police regulations director. Director Yelloweye, who has been in the service since 1919, and has grey hair to prove it, paused to pour himself a drink—out of a pitcher and glass, of course. "I can't invite you to have any of the water—or any of the other stuff—the stiff-spined bottle bottoms in the corner," he suggested.

"Tell me what," he said. "You interest me!"

"About the world," he said firmly. "About the world?" he asked. "You ask me whether conditions have improved."

"Well, have they?"

"Yes. Steadily improving all over the world," he admitted. "People have stopped drinking, have they?"

"Well, not yet," Yelloweye admitted. "We've made some progress, but stops are still coming in. Ninety per cent of the beer is sold in cans, and the rest is in colored and bottled with fake labels."

Pointing to the box of bottles in the corner, he said, "ever since we came in."

"All fake! That's Scotch, rye, gin and wine—every drink made in New York," he continued. "We caught the game, making it—then."

"Now about those women agents?"

"We said nothing about them."

"Good-bye. Good-bye. You came in. Come in again this time," he said cordially.

At the same moment mysteriously appeared a very large doorman, who looked like an ex-policeman. He held the door open.

## TERRIBLE HEADACHES AND DIZZINESS

Miss E. Hartman, 237 Kentworth Ave., N.W., Hamilton, Ont., used to suffer from terrible headaches and dizziness. Last summer, while I was walking up a side street, I got a dizzy spell and fell in the mud on the road. An old fashioned men helped me to get up, where I was going and told me to get a vial of Miller's Laxa-Liver Pills. Well, I did, and they did wonders for me. I don't know how to thank you, as I don't get headaches or dizzy spells any more."

When your liver gets sluggish and inactive your whole health suffers, and the best way to keep it active is to keep the liver active and performing its proper functions by using Miller's Laxa-Liver Pills.

NOTHING NEW IN  
DUNNING SCHEME  
SAYS GREENFIELD

Asked his opinion regarding the new dunning scheme which was to be put into effect in Western Canada as presented to him Saturday night by Premier Dunn, Mr. John Greenfield stated that he, also, was nothing new about the plan, said Mr. Greenfield, and Attorney General Dunn had been dunning debts several times in the last couple of years by the companies themselves.

### WEATHER SHOWS SOME MODERATION

Memory has deserted her post at the weather bureau, but what she did Saturday night may be Premier Dunn's fault, said Mr. John Greenfield. Dunn stated that he, also, was nothing new about the plan, said Mr. Greenfield, and Attorney General Dunn had been dunning debts several times in the last couple of years by the companies themselves.

THE COUGHS  
AND COLDS  
OF CHILDREN

On the more moderate days we take care to keep our children from getting cold, they get overexposed and catch a cold. We always keep a wet, kick off the clothes at night, have a dose, and one thing the mother can do is to give a few drops of oil of camphor to her child and she will be fine.

A great many mothers are now giving their children some cold medicine.

Dr. Woods' Pine Syrup

It is pleasant and nice for them to take and relieves the throat and cold in a very short time.

Mr. J. Wilson, Portage La Prairie, Manitoba, has a new product, Dr. Woods' Norway Pine Syrup for children. He says it is good for children. My son, who is 12 years old, had a very bad cold last winter—when I thought was crocheted. I gave him a dose of Dr. Woods' Pine Syrup and he was fine the next day also. When we were on a long vacation he had a bad cold and I gave it to him. It cures and brings in the appetite. It is the best cough medicine I ever used.

Price 35c and 40c a bottle; put up by The T. McMillan Co., Limited, Toronto, Ont.

## RESCUING TUG GREY AT SCENE OF WRECK FINDS 23 OF PARTY

SAULT STE. MARIE, Ont., Dec. 18.—Bulletin.—The tug Grey has reached the Bellator and the first report sent back is that 23 of the 27 missing are known to be saved.

The tug searching for the 27 persons missing since the tug Reliance crashed on the rocks off Lizard Island, last Wednesday, reached the scene of the wreck this morning and found two overturned and battered lifeboats. Word of the Grey's arrival at the wreck scene was received by wireless from the tug, which added only that the temperature was 10 below zero and there was no sign of life. Two hours recovering today from exposure. Two serious. Mr. and Mrs. John Harten, cooks, were reported in a serious condition at a railway station of the Algoma Central railroad.

Chicago, Dec. 18.—Nothing fast for four through town-sleeps and freezings, still, the men do not complain. They are getting along pretty well across the icy wastes of Lake Superior, though the cold beyond its usual limit and bring down the lakes the early part of the year.

At 10 o'clock this morning a dozen or more were thought to be added to the probable death roll when survivors of the steamer Reliance, which went missing on Lizard Island, reached Sault Ste. Marie after almost three days of drifting.

Navigating on the upper lakes was difficult enough, but the men decided to keep the waterways open until December 15 because the coal supply was low and the men with coal shipped to the Northwest and lay the tracks for the winter.

As a result nine big freighters loaded with grain—\$250,000 worth—had to be turned around and go down Lake Superior toward that graveyard of sailing ships, to Buffalo for winter storage.

The steamer Reliance left St. Mary's river, another big fleet to ice-bound, left the anchorage, three days ago, trying with the assistance of ice breakers to get to the open waters of Lake Huron.

The story of the fate of the steamer Reliance, which with seven survivors reached the Sault Ste. Marie, Dec. 17, is this: a crew of 14 and 22 passengers was dashed to pieces on the rocks of lonely Lizard Island, 10 miles off the coast of Mich. and Ont. Pines, the western entrance to the St. Mary's river, a rocky突岩 from the mainland. The captain and 27 men took one boat and Mr. and Mrs. John Harten, the two women, others took the other.

The captain and his wife, after drifting several hours in the stormy weather, were found by a fisherman, 85 miles north of Sault Ste. Marie.

Harten was so exhausted the party was forced to rest all night. The next day he was able to get a boat and went to Carleton Hill, and his wife and the two children, who might find their way while game is plentiful, they had no weapons.
